

Nepal 1st Flush teas - Himalaya Supreme - Greenland Organic Farm

Information from Greenland Organic Farm:

Our tea estate is situated at 3000mtr altitude very close to the Mt. Kanchanjunga (<http://en.wikipedia.org/wiki/Kangchenjunga>)

Our tea brand is Tulif Tea™ which is famous in Nepal, Korea, Czech Republic, Australia & UK.

We have just finished preparing first flush very special tea.

Some of the teas of this first flush are extra ordinary. The best selling from our factory as well as from our retail store are Emerald Green, Clonal Delight Black, White, Oolong, Maofeng. These are some of the most delicious teas from Himalayas.

Organic Emerald Green TulifTea™

It is a rare variety! Soon after picking the fine, delicate buds of opening tea leaves during the period '1st Flush' (Mar/April), Emerald Green is not rolled nor fermented. It contains a high level of antioxidants and has wheatish yellow liquor with mellow appealing and mildly husky herbal flavours.

Steeping time : 4-6 mins
Water temperature: 80 C

Organic Clonal Delight Black TulifTea™
SFTGOP1

This Clonal Delight tea has a unique flavor with a strong organic straw aroma. Usually for breakfast blend, this tea can be consumed as a black as well as milk tea by adding sugar and milk.

Steeping time : 4-8 mins
Water temperature: 90 C

Organic White TulifTea™

White tea is made from the buds of the tea plant. It is steam dried quickly after the leaves are picked- there is no oxidation at all. Because there is no oxidation, it contains the most anti-oxidants and catechins, the least caffeine, and has a pale color with a delicate, sweet taste.

Steeping time : 4-6 mins
Water temperature: 90 C

4. Organic Oolong TulifTea™

One leaf and a bud, one of the world's best teas!
Complex, floral, spicy and fruit aromatic tea crafted by an artisan who knows exactly how much to process the teas before they are perfect.
Studies on the benefits reveal the potential to reverse signs of ageing, facilitate weight loss and promote over all wellness.

Steeping time : 4-8 mins
Water temperature: 90 C

Organic Maofeng TulifTea™

One of the world's most sophisticated green teas.
It has golden/neon green liquor with deep mellow herbal flavor. This tea is not fermented but steamed, rolled protecting the natural flavors of the hand-picked finest quality 'one leaf and a bud'. It is high in antioxidants and has numerous health benefits

Steeping time : 3-4 mins
Water temperature: 75-80 C
